Brief Sketches of Their Lives, Which Should Be An Inspiration to All; Opportunities In Portsmouth for the Hard-working, Conscientious Young Man Just As Good As Anywhere Else In The World

HENRY ATLAS

Pen sketches by Harry Palmer, from photo by Harris' studio.

Portsmouth has made many changes in the last 28 years, according to Henry Atlas, who came here from Athens County in 1895, but in no respect is this change more marked than

in the attitude of the city toward strangers who come here to engage in business. There was a time, according to Mr. Atlas, when Portsmouth was a conservative little town, and the stranger was regarded with suspicion. Now that attitude has changed. The newcomer entering the business world here is welcomed by the Chamber of Commerce, the Retail Merchants Association and other organizations, and the welcome is expressed with baskets of flowers and cordial notes. This, Mr. Atlas believes, is as it should be and is an indication of Portsmouth's growth, not only in a material way, but in the finer things of life as well.

Born in Hungary, May 18, 1865, Henry Atlas came to this country in 1880. Previous to his coming to Portsmouth he owned a general store in Buchtel. In 1895 he started a specialty shop on Second street, but speedily outgrew his quarters there and moved into the Fuller building. Increasing business made another change necessary and he located in the Dumarin Block. The next move was to 603 Chillicothe street, and in 1916 Mr. Atlas established his business in his present location, 406 Chillicothe street. Mr. Atlas is also associated in business with The Fashion, on Gallia street, and with the Atlas-Weinberg Co. at Glouster, Ohio. He is a member of the Jewish synagogue, the Masons, Elks, and Independent Order of B'nai B'rith. The five Atlas children have all been educated in the Portsmouth public schools, and four of them are graduates of the high school here.

Mr. Atlas attributes his success to certain very definite business principles which he has formulated as follows: "Advertise the truth. Give good value twelve months in the year. A customer is always right, better refund money than argue."

Democrats To Make An Issue Of Coolidge's Refusal to Endorse Independence for the Philippines

(By David Lawrence)
(Copyright, 1924)
WASHINGTON, March 5.—The Democrats will make an issue of President Coolidge's refusal to approve the request of the Senate and House of Representatives of the Philippine Islands for the establishment of independence.
For twenty-six years the Philippines have been promised that when the proper time came they would be accorded independence. President Coolidge has definitely gone on record as saying that the proper time has not yet arrived and that there remains to be achieved "greater progress on the road of education, culture, economic and political capacity."
When the Philippines will measure up to these standards is not difficult to guess—probably never in the life of the present generation.

Eggs Sell For 15 Cents A Dozen

VAN WERT, O., March 6.—(By the Associated Press)—Eggs dropped to 15 cents a dozen here today, the lowest in 17 years.

TO OPEN WAR ON HAZING

CLEVELAND, March 6.—(By the Associated Press)—Abolition of all forms of physical hazing in fraternal organizations and the elimination of paid athletes from college teams will be discussed at the biennial district convention at the Sigma Alpha Epsilon Fraternity which opened here today.
Delegates from nineteen colleges and university chapters and from twelve alumni associations in Ohio, Indiana, Illinois, Michigan, Wisconsin and Minnesota were in attendance.
The convention will continue through Saturday.

To Abandon Singapore Naval Base Project

LONDON, March 6.—(By the Associated Press)—A committee which has been investigating the proposal for a naval base at Singapore has reported to the cabinet and there is good reason for stating that the government has decided to drop the subject, says the Daily Mail.
The paper added that the decision may cause a crisis in the admiralty, resignations from which are to be expected unless the government is prepared to announce that it has overruled the advice of its naval staff.

Train Wrecked; Engineer Killed

OMAHA, NEB., March 6.—(By the Associated Press)—The Pacific Limited of the Chicago, Milwaukee and St. Paul Railroad was derailed at Persim, Iowa, early today. The engineer was killed and a number of passengers slightly hurt.

This Committee Will Investigate Justice Department

Investigation of official acts of Atty. Gen. Daugherty will begin at once by the committee shown above. Left to right, Senators Wheeler, Moses, Brookhart (chairman), Jones of Washington, and Ashurst.

Telepathy Test On Radio Proves Failure

CHICAGO, March 6.—(By the United Press)—Transmission of thought by radio is practically impossible, at this time, according to preliminary examination of letters received by WJAZ Station following a thought broadcasting experiment by eminent psychologists Sunday night.

Out of 150 letters picked at random, out of 4,000 received, and with the exception of one direct reply to one test, the letters were wide of the mark.

In one test the professor pinched the fourth finger of his left hand and then told his invisible audience he had a pain in one of his hands or arms. Two of the 150 letters located the exact spot.

Nearly 80 per cent of the total placed it in the left arm.

The professor ate a beet and announced he had eaten a morsel of food. Nearly everything except beets were mentioned.

Professor Robert H. Gault,

Northwestern University; Professor H. B. English, of Antioch University, and Professor Gardner Murphy, of Columbia, tested the possibility of projecting thoughts into minds of radio fans.

The professor then announced that he was thinking of number 664. The predominating numbers were 664 and 498.

Not a single answer was correct. Then the professor thought of a walrus and asked his invisible audience to think of the animal pictured in his mind.

Nearly every animal in a well stocked zoo was named, but not a one picked the walrus. Zebras and elephants led the list.

In another test the professor was thinking of a yellow line intersecting another line and asked the listeners to name the color of the intersecting line. Here a number of correct answers were given but more answers gave red and the second largest number gave orange.

PROHIBITION ENFORCEMENT FACES NEW DIFFICULTIES

COLUMBUS, O., March 6.—(By the Associated Press)—Governor Donahy and State Prohibition Commissioner McDonald today are confronted with a new problem in enforcement of the state prohibition laws following the withdrawal yesterday of the communists and "carriers" of 110 men who have been aiding in enforcement of the dry laws.

What steps, if any, Commissioner McDonald will take to replace these "carriers" men was not apparent today as Governor Donahy and Commissioner McDonald canvassed the situation resulting from the ruling of Attorney General Crambo that these officers are illegally appointed and have no standing under present prohibition laws.

Neither Governor Donahy nor Commissioner McDonald would make any comment early today as to their plans for continuing prohibition enforcement in Ohio.

The state prohibition department has twenty deputies on regular salary on whose shoulders will fall enforcement as far as the state is concerned. The law provides, however, that "emergency inspectors" may be appointed at not to exceed a salary of \$10 a day.

The last session of the legislature appropriated only \$5,000 for salaries of such men.

School Superintendent, Who Opposed Reading of Bible in School, Discharged

GREENSFORD, O., March 6.—(By the Associated Press)—Before a large audience of citizens, many wearing miniature fiery crosses, on their lapels, the Greensford school board last night settled the Bible reading controversy which had closed the schools by voting to dismiss Superintendent H. C. Seran and his son and to reinstate the four other teachers who had resigned.

The vote on dismissing Seran was three to two, the same line-up which has prevailed in board meetings all year. The minority during the debate last night attacked the majority as being Klan members "voting by Klan dictation."

A petition with 119 names, favoring the superintendent, was presented. Opponents of Seran charged that he had called the Bible "antiquated," that he had allowed card playing and that the theory of evolution was taught in his classes.

Jerome Hull, county superintendent of schools, said this morning that he would appoint a successor to the superintendent today and if necessary would

Grand Jury Refuses To Indict Them

CLEVELAND, O., March 6.—(By the Associated Press)—Mrs. Nettie Anelli, 20, Philip Anelli, her husband's cousin, and Vito Davilio, charged with murder in connection with the death of two men during a pistol battle here two weeks ago, were free today. The charges were nolleed by Municipal Judge David Mayne late yesterday on motion of Assistant County Prosecutor John J. Sexton who told the judge the grand jury had refused to indict.

The trio were charged with the deaths of Michael Marino and Ralph Drannan, who were killed when they attacked the home of Mrs. Anelli, following alleged blackmail threats.

Flour Broker Commits Suicide

NEW YORK, March 6.—(By the Associated Press)—A flour broker, shot and killed himself in a hotel last night. His body was found after his wife had notified the police that she had received a telegram from him at the dinner hour, reading: "Have mailed you an important letter. It will tell all."

Wins High Honors

OSBERT, O., March 6.—(By the Associated Press)—Highest honors in the freshman scholarship standing at Oberlin College were won by Dorothy Hall, of Kentland, Ind., according to the freshman honor list announced by Miss Isabel Webster, College Registrar.

Allen Day Monroe, Xenia, O., and Allen Catherine Ferguson, Cleveland, were tied for second place.

DAUGHERTY'S SUCCESSOR NOW UNDER CONSIDERATION

WASHINGTON, D. C., March 6.—(By the Associated Press)—Developments in the investigation of the oil and other scandals again have brought up sharply the question of Attorney General Daugherty's immediate retirement from the cabinet.

Selection of a successor to the attorney general is under advisement at the White House and at least three men have been approached indirectly to ascertain whether they would accept such an appointment if it should be offered.

Mr. Daugherty, meanwhile, is en route to Washington from Miami, Fla., where his wife is ill. He left last night although he had been there less than a week after having convinced President Coolidge, apparently, that he should be permitted to retain his post until after the senate's investigation of his administration.

White House officials have refused to comment on the new crisis in Mr. Daugherty's affairs except to say that no demand has yet been made for his resignation and that no one has been selected to take his place nor did the attorney general make any statement upon his departure from Miami.

The new situation is the outgrowth of developments which have arisen since the sudden departure of Mr. Daugherty last week for Miami by way of Chicago, where he appeared before the special grand jury that shortly afterward indicted Charles R. Forbes and J. W. Thompson, in connection with the Veterans' Bureau transactions.

The grand jury's report disclosed information of alleged irregularity in matters coming under the attorney general's jurisdiction, and, it is said, involved individuals close to Mr. Daugherty. In addition, persons connected with the Department of Justice recently have been brought into the senate oil inquiry and with the special investigation of his administration expected to start next week, the question has been raised whether Mr. Daugherty's events will be able to give adequate attention to his official duties during its progress.

The men who have been asked whether they would accept appointment as Mr. Daugherty's successor include former Senator Keay, of Iowa, who resigned to become judge of the eighth United States Circuit Court of Appeals; Frank S. Dinkelspiel, Federal district judge of Idaho, and Curtis D. Wilbur, chief justice of the Supreme Court of California.

BURTON, OF OHIO, MAY BE DENBY'S SUCCESSOR

WASHINGTON, D. C., March 6.—(By the Associated Press)—Theodore E. Burton, present member of the house and former senator from Ohio, is one of those now being considered by President Coolidge for appointment as secretary of the navy.

White House officials refused today to discuss the possibility of his appointment but it was confirmed that he was on a list of a half dozen now before the president.

"The Ohio representative" is understood to have the support of Senators Fess and Willis, of Ohio, and despite his advanced age is being urged as one fitted by long experience to take over the navy post.

All indications today pointed to the selection of a secretary to succeed Edwin Denby before the end of the week.

To Sell Steel at Auction

WASHINGTON, D. C., March 6.—(By the Associated Press)—Twenty million pounds of steel in various shapes and sizes, a part of the navy's surplus supply will be sold at public auction March 19 at the Mare Island, Cal., navy yard.

One Referred to Local Affairs In District of Columbia and Other Acknowledged Friendly Greeting

WASHINGTON, D. C., March 6.—(By the Associated Press)—Two telegrams sent by President Coolidge to Edward B. McLean in Florida, were read today into the record of the oil committee.

Immediately afterward the president issued a statement saying that the matters referred to in the messages related to questions of local government in the District of Columbia.

"The telegram related to the district commissionership. Samuel J. Prescott is the Republican city chairman and the president desired to confer with him regarding district matters."

A telegram from President Coolidge to E. B. McLean in Florida on January 12, read into the oil committee record today said:

"Prescott is away. Advise Sloop with whom I shall confer."
(Signed)
Sloop was then in Palm Beach.

A short time before the committee had heard read a telegram from Chief Doorkeeper McLean at the White House advising McLean on December 22, that Sloop was leaving that night for the south.

The second telegram under date of February 12, was as follows:

"Thank you for your message. You have always been most considerate. Mrs. Coolidge joins me in sending kindest regards to Mrs. McLean."

When the attention of White House officials was called to this message, they gave out the following statement:

"The telegram sent to Mr. McLean on February 12 was in regard to a message from Mr. McLean congratulating the president on his Lincoln Birthday address in New York. The telegram exchanged were similar to others received and sent out in that connection. It amounted simply to an exchange of amenities."

C. Bascom Sloop, secretary to President Coolidge, later issued a statement concerning the previous White House announcement with respect to the McLean telegram of February 12.

"The statement said:

"The telegram sent to Mr. McLean under date of February 12 was in answer to a telegram received from McLean congratulating the president on his statement with respect to the senate resolution calling for the resignation of Edwin Denby as secretary of the navy. Owing to the date of the telegram it was first thought it related to the president's Lincoln Day address at New York. An examination of the White House files after issuance by the president of his statement disclosed, however, that the McLean message related to the Denby matter."

"A number of congratulatory messages were received in connection with the statements on the Robinson resolution and the New York speech."

"The exchange of messages was read showing that on January 10, Albert B. Fall at Palm Beach, wired Chairman Lenroot of the Oil Committee asking if Walsh had authority 'to subpoena me to testify' and got a response saying he had not."

Fall telegraphed from Palm Beach on January 11 that facts would be developed but names not given in testimony before Senator Walsh at Palm Beach.

Senator Walsh, chief prosecutor of the oil inquiry, had gone to Florida to question McLean, but committee records show that he was empowered to summon such witnesses as he might desire.

Gaston B. Means, a widely known investigator, once employed by the Department of Justice, wired to McLean's secretary early in January that he was on the way to Palm Beach.

Coolidge's Second Message
President Coolidge telegraphed McLean at Palm Beach again on February 12, according to the committee's telegrams.

"Thank you for your message," the second Coolidge telegram read. "You have always been most considerate. Mrs. Coolidge joins me in sending kindest regards to Mrs. McLean."

That's all Coolidge telegraphed was sent after McLean had testified that the \$100,000 loan he previously had made was made to Fall on a note, was in reality in the form of checks which were returned to him unchanged.

"Please see Senator Jim and find out if there is disposition to make mutual friend make long journey," said a message sent from Palm Beach January 24 by W. J. Wilsey to J. E. Keay.

Wilsey is manager of the Cincinnati Enquirer and Bennett is an editorial writer on the Washington Post, both McLean publications.

More Telegrams Read Into Record
More telegraph records received by the oil committee from Palm Beach were read today at the public hearing.

On January 22, "John" sent a message to E. B. McLean at Palm Beach, saying, "Subpoena for Fall today. It's turntable Friday."

Another "Mary" message in code was presented. Like the other it was addressed to W. O. Dinkelspiel, a McLean employee at Palm Beach.

"Burns stated," the message said, "I've been friendly to Department and that an inquiry was on foot to ascertain whether McLean was regular appointed dollar a year man and asked him to find out."

"Department lawyer came to Burns and inquired. Burns said Attorney General was the only person who could give information."

"Evidently preparing for mud slinging," Burns stated, "impossible to stay where he can get away. Bring kept here on time hearing. Department liable to be called upon at any time for investigation and to prepare injunctions."

At the time in December when the committee was trying to get A. B. Fall to come to Washington to testify he telegraphed J. W. Zevely for Harry Sinclair that he was proceeding to Atlantic City from New York and asked Zevely to join him there.

On December 17, McLean wired to Atlantic City that he would arrive to join Fall.

Another telegram disclosed that McLean was informed directly from the White House that C. Bascom Sloop, secretary to the president, was leaving for Palm Beach. This telegram was signed by H. E. McKenna, chief doorkeeper at the executive offices.

"The secretary leaves tonight," this message said. It was dated December 22, 1923, and addressed to McLean at Palm Beach.

On January 5, McLean, from Palm Beach, wired Bernard A. Baruch, of New York, at Georgetown, S. C., asking when he would be in Washington.

"Will be in Washington January 6."

Sees No State Aid For Ohio Schools

COLUMBUS, O., March 6.—(By the Associated Press)—Governor Donahy today advised school officials of Alliance where a deficit in school maintenance threatens closing of the schools before the end of the present term, that he can see no need for state aid. Officials had inquired whether state aid could be obtained.

The governor's advice was based upon a survey of the Alliance schools made by C. B. Urey, high school supervisor, of the Department of Education, which showed that the school has too many teachers and supervisors employed. The survey, the governor said, indicated that instead of the schools being operated at a deficit of approximately \$10,000, they could be as effectively operated on present funds and still have a surplus of nearly \$20,000 in the treasury.

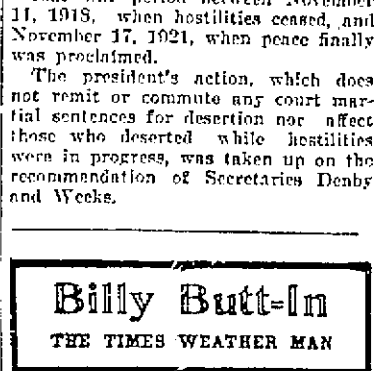

Director Vernon Riegel says the Alliance schools have money sufficient to operate for eight or nine months.

Citizenship Restored

WASHINGTON, D. C., March 6.—(By the Associated Press)—Rights of citizenship have been restored by President Coolidge to all deserters from the army and navy whose offense was committed during the technical but not actual war period between November 11, 1918, when hostilities ceased, and November 17, 1921, when peace finally was proclaimed.

The president's action, which does not remit or commute any court martial sentences for desertion nor affect those who deserted while hostilities were in progress, was taken up on the recommendation of Secretaries Denby and Weeks.

McGrath Is Wanted On Many Charges

The judgment of Sheriff Harry M. Dunham that James McGrath, recently convicted and sentenced to the Mansfield Reformatory, for stealing Raymond Kahl's automobile from this city, is a crook and general bad actor, was fully confirmed Wednesday by reply to the finger print classification and photo of the prisoner, sent out by the sheriff, through the Ohio State Bureau of Criminal Identification, was received. The reply came from Indianapolis and stated that the officers of that city identified McGrath as William Ollis, alias William Walsh, alias James McGrath, alias James Haddley and that he is very much wanted by the authorities of that city. The communication says that he is under indictment there for highway robbery in May, 1923, when he and his partner, Edward Coulter, are alleged to have held up a traction car, and after shooting up the car, robbed the terrified passengers, about \$500 in all, of the money and jewelry. The Indianapolis police also have several burglary jobs against McGrath, who, it is claimed, is now an escaped convict from the Indiana state farm.

McGrath, who was apprehended in Florida with Henry Allen and released here in connection with the auto theft, was the ringleader in a plan to effect a jail delivery which was frustrated by Sheriff Dunham a few weeks ago. A search of the jail resulted in the finding of a number of black saws which McGrath admitted he carried into the prison concealed in the soles of his shoes. Allen was also sentenced to the reformatory.

To Meet Friday

The Business Women's Club will meet Friday evening at 5:30 o'clock in the Mary Louise Tea Room on Gallia street. An interesting legislative program has been arranged for the evening by Miss Ruth Preston, and will include discussions on the "Child Labor Question" by Miss Alice Treutburt and Miss Ethel Doerr, and "Uniform Rights" by Miss Lulu Summers and Miss Louise Halbert. A general discussion of the club will follow. The program will be varied by club singing. This promises to be a very instructive meeting and all members are urged to attend.

Trial Is Continued

The trial of Harrison "Nip" Clifford, charged with violating the dry laws and with assault and battery upon George Watters, Jr., former prohibition "ard" officer, was continued by Judge Sprague until Friday afternoon when it was called for hearing in Municipal court today.

Clifford is accused of having assaulted the dry agent following his arrest by Watters and Pearl E. Seely, for alleged selling and possession of liquor late one night a week ago at Eleventh and Chillicothe streets. Clifford strenuously denies the charges.

Mirror Is Broken By Lad; Falls; Arm Is Fractured

Harry Cullip, 13 year old son of Mr. and Mrs. John D. Cullip of Wakefield, is now a firm believer in the old saying that the breaking of a mirror means bad luck.

Yesterday he broke a big mirror recently purchased by his mother. About five o'clock last evening he was playing in the yard of his home when he jumped from the top of a five-foot stoop ladder. He fell on his right arm breaking it at the elbow. Dr. D. G. Coleman, Leesville, sent the lad to Portsmouth and after an X-ray at the Portsmouth hospital where Mrs. S. S. Haldeman and Albert Berndt reduced the fracture and placed the elbow in a metal splint. Later he was taken to his home. After falling the lad ran into the house and his remark he made to his mother was "My bad luck has started already." The father is an N. and W. employee.

Truck and Touring Car Collide

No one was injured when a mail truck and an Ekhart touring car collided at the intersection of Ninth and Waller streets last night about eight o'clock. The mail truck, driven by Earl De Long, was going north on Waller with a load of mail to be delivered at the N. & W. depot; the touring car, driven by a man giving the name of W. E. Tipton was going east on Ninth street. The touring car was badly smashed but the mail truck escaped with little damage.

Suffers Fractured Skull

James O'Ruark, 55 years old, of Fullerton, Ky., employed by Contractor John A. Grimes as "ground man" in the operation of a steam shovel being used in excavation work on the Boulevard, is in a serious condition in Schirman hospital suffering from a skull fracture, which he sustained Wednesday afternoon when a heavy piece of steel called a "mallet" dropped from the shovel dumper and struck him on the head. O'Ruark was knocked down by the blow, and although in a dazed condition when fellow workmen reached his side, he did not lose consciousness until after he arrived at Schirman hospital, where he was rushed in an ambulance. An X-ray was taken of the injury and it was disclosed that O'Ruark had sustained a depressed fracture of the skull, which necessitated a surgical operation, which was performed by Dr. H. A. Schirman Thursday morning, when a piece of the skull bone, two inches wide and an inch long, was removed.

It was stated at the hospital this afternoon that O'Ruark rallied nicely from the effects of the operation and that his chances for recovery are regarded as encouraging.

The situation was discussed at a conference attended by Speaker Gillette, Republican, Representative Langworthy, Speaker of the Rules Committee, and Democratic Leader Garrett who has introduced a resolution of inquiry.

Revival At First Baptist Church

The attendance is increasing nightly at the First Baptist Revival meeting, corner Gallia and Waller streets. Last night the Evangelist, Jev. McFall used as his subject, "The Love of God" and said in part, "The Love of God is the greatest power in heaven and upon earth. God does not love the sinner's sin but he loves the sinner. God's love is the sun that shines on all men and it will be the same tomorrow. Human love changes and tires but the love of God is undying. A person may be too bad to live or too bad to die, but he is never too bad for God to save. God not only states that he is love but is willing to prove his love. He stands with his heart overflowing with love and presents to you salvation. If you are willing to comply with the free offer of salvation you shall be saved."

One of the interesting features of the campaign is the musical program which is being conducted by Mr. Elmer Fetter and his faithful choir, who are putting on some of the best musical numbers which have been heard for years at the first church. Last evening Earl Reinhard and daughter sang a beautiful duet and there was also a number by a male quartet composed of Wade Quillen, Prof. Parsons, Elmer Fetter and Earl Reinhard. Several were baptized baptism again tonight. Reservations will be made this evening for all women's organized Sunday school classes.

Favor Immediate Income Tax Cut

WASHINGTON, D. C., March 6.—(By the Associated Press)—The Senate Finance Committee decided today to seek passage of a joint resolution providing for a 25 per cent reduction in personal income taxes payable this year so that it may apply on the installment due March 15.

Says Coolidge Should Make Statement

WASHINGTON, D. C., March 6.—(By the Associated Press)—President Coolidge's telegram to Edward B. McLean started another oil debate today in the senate.

Senator Harrison, Democrat, Mississippi, declared it was incumbent upon the president to give a statement to the country "to remove the suspicion."

At the request of the special counsel, a special grand jury will be impaneled here about April 1 to consider the evidence so far brought out in the oil inquiry.

The bills for injunctions being prepared by Alice Conover and Over J. Roberts will be filed in the Federal District Courts for Wyoming and Southern California.

Thursday, March 13, has been set by the Federal judge at Cheyenne for a preliminary hearing on the stock contracts at which the government counsel will be present.

Prosecutor Quits Munich Hearing

MUNICH, BAVARIA, March 6.—(By the Associated Press)—The trial for treason of former Field Marshal Ludendorff, Adolf Hitler and other participants in the unsuccessful march of last November was suddenly interrupted today when the chief prosecutor left the court after declaring he was no longer willing to continue the prosecution owing to the constant humiliation.

The second prosecutor requested the court to recess until he had conferred with his superior.

Greater Cleveland depends on springs. The charge which led directly to the suspension of the hearings was made by Dr. Kuhl, lawyer, for the defendants who declared Chief Prosecutor Stange had a mania for arresting minor officials, but had neglected to arrest Dr. Von Kahr, the former military dictator, and other men in the higher circles of Bavarian political life.

Will Seek To Cancel Oil Leases

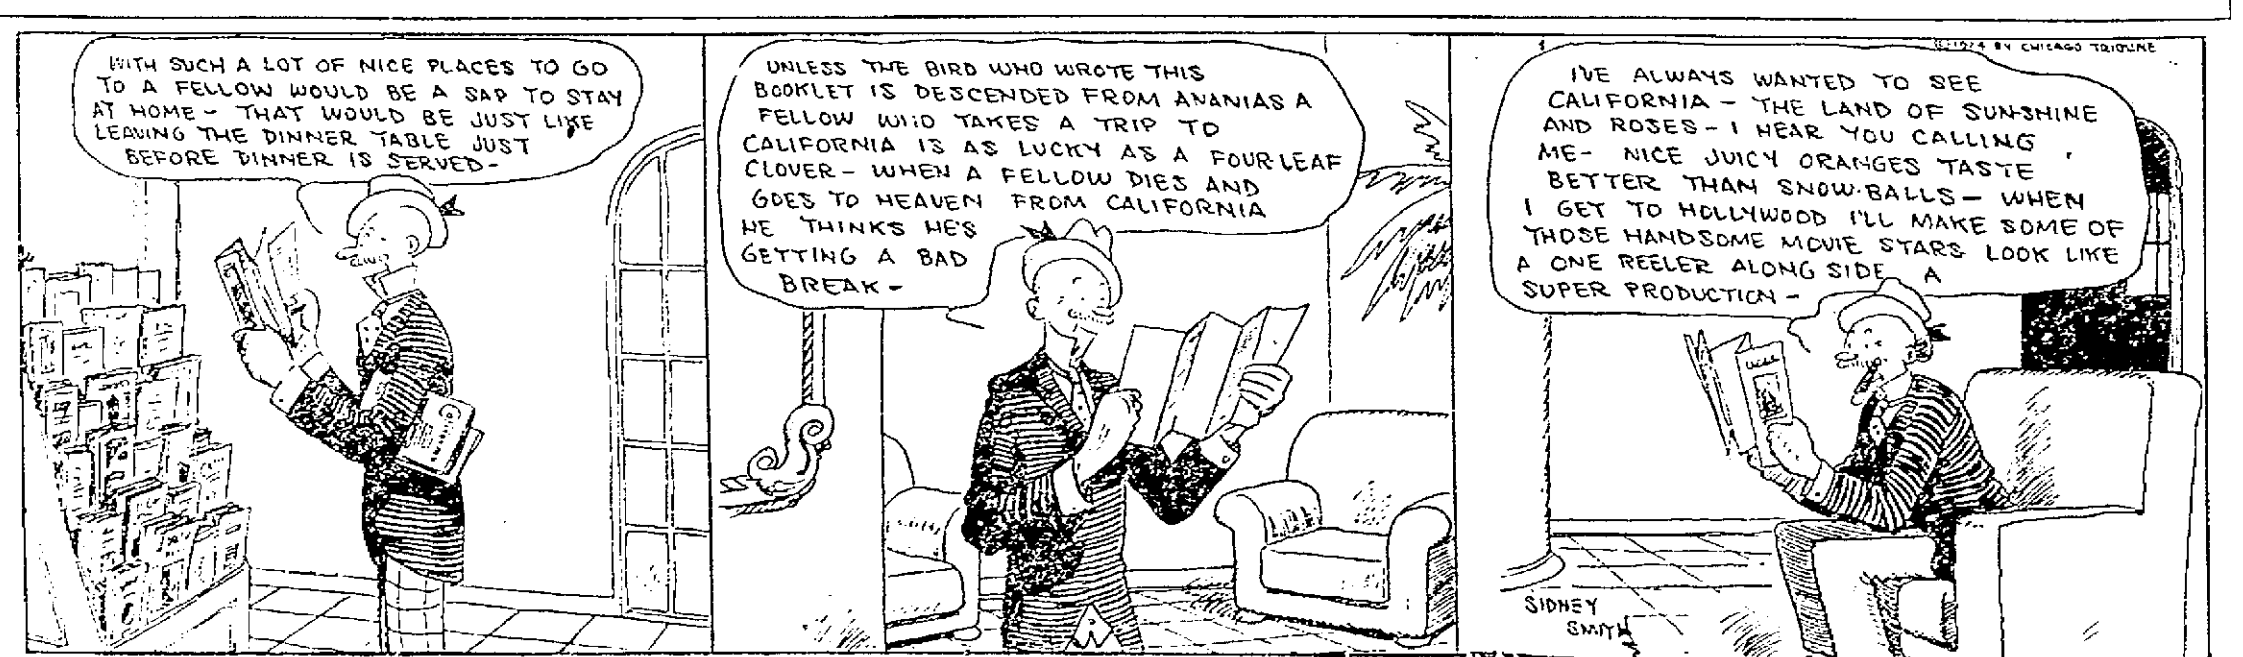

WASHINGTON, D. C., March 6.—(By the Associated Press)—Cancellation of the government oil leases to the oil company next week.

Duboy and Sinclair interests will be sought in bills of equity to be filed by the oil counsel next week.

The bills will ask for return of the mineral reserves to the government on the grounds that "fraud and illegality were involved."

Injunctions also will be asked against further drilling and withdrawal of oil by the Sinclair and Duboy Companies and the court will be requested to name receivers to control the properties pending completion of the litigation.

Says He Never Made Chemical Analysis

CANYON, TEXAS, March 6.—(By the Associated Press)—Reports that Dr. C. A. Pierce, of the West Texas Normal College, estimated the chemicals in an average human body to be worth 95 cents, were based erroneously on his remark to one of the normal laboratory societies in which he says he quoted an old well known report. Dr. Pierce never made a chemical analysis of a human body and did not state that he had done so.

time of any of the present Filipino leaders. For, if the truth be known, the United States does not consider that many of the smaller Latin-American countries have reached the American standard. The Filipinos on the other hand think they are further advanced than Haiti or the Dominican Republic or Honduras and yet these nations have their independence. Cuba with the protecting arm of the United States has a status which the Filipinos would like to attain and they are ready to sign treaties enabling the United States to intervene in case of disorder or interference with American property interests.

The basic factor in the question of Philippine independence is materialistic. The business interests in the Philippines are united in their opposition to independence. Certain shipping interests believe they can accomplish more by keeping the Philippines a part of the United States so that some day the trade between the United States and the islands shall be included under the coastwise shipping laws, thus enabling the United States to discriminate against foreign vessels, particularly the Japanese.

The Governor General Wood is known to be in sympathy with the business interests which fear their properties would be jeopardized or at least rendered less valuable without the strong military arm of the American government.

There are men in the United States Senate who have said in debate that the Filipinos will never be ready for independence. Mr. Coolidge's statement reflects the argument made most often by those who do not wish to see the United States relinquish its hold on the Philippines at any time—certainly not in the present generation.

The Filipinos, however, will not cease their agitation. They will clamor for independence as long as they can make themselves heard. Preparations are under way for an extensive campaign in the United States to win the sympathy of public opinion. The Democrats during their control of Congress went on record in favor of independence and nearly got a bill through the Senate after it had passed the House. Also the Democrats under the Wilson administration by means of the Jones bill extended to the Filipinos a greater measure of governmental autonomy than they had previously enjoyed. The feeling between Leonard Wood and the Filipinos has developed largely over the application of the Jones law with many of the provisions of which General Wood is not in sympathy. He has publicly advocated their amendment.

The Republican National Platform will in all probability follow the lines of President Coolidge's latest pronouncement while the Democrats will pledge themselves if elected to great independence to the Philippine islands within a specified period.

Clevelanders Use Spring Water

CLEVELAND, O., March 6.—(By the Associated Press)—Virtually all of Greater Cleveland depended on springs and the distributors of distilled water for their drinking and cooking supplies today. This situation, one of the most acute in the city's history, was brought about by the strong taste of phenol and chlorine in the water pumped from Lake Erie.

Hundreds of Clevelanders stood for hours awaiting their turn at seven approved springs. They were armed with jugs, bottles, pitchers, pails and even wash tubs—in fact any kind of utensil in which they could carry water home. So great was the rush that policemen were stationed at the springs to see that each person left after they had obtained a gallon of water so that the next in line could move on.

The lines at the various springs in different parks diminished but little at midnight. In Wade Park at that hour there were sixty men and women. At Rockefeller Park the same number were fighting drowsiness while the same condition existed in Edgewater Park and at other springs which were given a clean bill by the health department.

MRS. ELLEN MARCELLUS.

"The relief that Kadolik has given me since I started taking it a short time ago is nothing short of remarkable," said Mrs. Ellen of 227 S. Seventh Street, Steubenville, Ohio, to the Kadolik Man.

"I could not sleep soundly and was restless all night. When I got up in the morning I was often unable to find such a thing is possible, than when I went to bed at night."

"I had continual backaches, and was in a terrible nervous condition. I had no appetite and nothing tasted good. I was weak and exhausted and not capable of doing anything."

"Kadolik helped me; it gave me a good appetite right from the start. It soothed and quieted my nerves and when I went to bed I didn't have the least trouble going to sleep."

"I am growing stronger all the time and have no pains in my back. I can truthfully say that Kadolik aided me more than anything I ever tried, and I have been restoring myself for years."

Kadolik can be obtained in Portsmouth at Fisher & Streich Drug Store.—Advertisement.

BOWELS SO BAD HE TOOK QUART OF MINERAL WATER A DAY

Mr. Whitesides was in a bad way. Tells how he got over it.

"I suffered for years with stomach trouble and constipation. I got so bad that I could not eat or sleep. I decided to try Milks Emulsion and have used 3 bottles. The results have been wonderful. The stomach is now normal. I can eat solid food, my bowels have improved and I feel like a new man. Anyone suffering as I did should lose no time in starting on Milks Emulsion."—M. P. Whitesides, 214½ S. 6th St., Springfield, Ill.

The more physics you take, the more you'll need. Break away from them. Milks Emulsion costs nothing to try. Milks Emulsion restores healthy, natural bowel action; it is a truly corrective medicine, doing away with all need of pills and physics. It promotes appetite and quickly purges the digestive organs in the food, and thus builds flesh and strength. Milks Emulsion is strongly recommended to those whose sickness has weakened; it is a powerful aid in resisting and repairing the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved.

This is the only solid emulsion made, and so palatable that it is eaten with spoon like ice cream. Wonderful for weak, sickly children.

No matter how severe your case, you are urged to try Milks Emulsion under this guarantee—Take six bottles with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 60c and \$1.20 per bottle. The Milks Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere.—Advertisement.

Revival at Wheelersburg Baptist Church

Interest is increasing. Crowds are getting larger, and God is dealing with the souls of men. You are going to miss something if you stay away from these meetings. Come and enjoy the song service. Leonard Sayon sings every night. Last night he sang "Sweeter As The Years Go By." Rev. Ketchum preached on "Four kinds of Healers," taking the parable of the sower in Matthew 13, as his text.

The "Wayside Healer" is the one who straightaway forgets the Word. The "Stony Ground Healer" is the one who sometimes make a half-hearted start, but didn't last long. The "Thorny Ground Healer" is the one who hears and is inwardly pressed to obey, but silly excuses come up in his mind and heart, and choke the Word.

The "Good Ground Healer" is the one who gladly and earnestly receives the Word, and seeks salvation.

Discuss Traffic Problems

City officials, including Mayor Ralph Gilbert, Safety Director George Koerner and Police Chief John Arthur, at another conference last night, discussed the traffic situation in an effort to develop some feasible plan to solve the problem which they declare is becoming more serious day by day.

At the conclusion of the conference it was announced that plans were made for the police department to mark off parking spaces in the downtown district within the next few days, or as soon as plans are worked out as to the best angle for the parking of cars bound in, so as to allow a maximum of parking space in each square and at the same time allow sufficient room to handle traffic. It was further stated that the adding of a mounted officer or two was being considered and it is likely that the project will be given a trial, it was intimated.

Discussing the situation, Chief Arthur said, "We believe that public sentiment is with us in our efforts to control the traffic regulations and rules and we only the support of the general public to lend their aid in better traffic conditions in Portsmouth."

Fire Chief Leonard, who is co-operating with the police department and will assist in working out a system of parking, commenting on the traffic situation, declared that "When one considers the fire hazard in the downtown district, the danger from traffic-blocked streets is really appalling." The fire chief has repeatedly recommended removal of the market from Gallia square on account of the great fire hazard caused by congestion in that vicinity during market hours.

Planning to Pave the Boulevard

Assurance that legislation will be presented to council at its next meeting, calling for paving of the Boulevard and establishment of a 40 ft. street for this rapidly growing district, was given by the Board of Control at a meeting yesterday, to a delegation of property owners interested. The delegation was headed by William C. Hazellbeck. Mayor Gilbert and Service Director Charles W. Wilson heard the plea of the Boulevard citizens. Safety Director Koerner was absent.

Buys Schafer Property On Turkey Creek

A deal was closed Wednesday whereby J. E. Hamann, Second Street real estate dealer, became the owner of the John Schafer tract of land at Friendship. The tract includes 80 acres and is located along the A. and P. Highway, bordered by the waters of Turkey Creek. The consideration was \$20,000.

This property will be divided into camp sites and small farms and immediately offered on the market. Mr. Hamann stated last night it is likely that there are a number of summer homes in the vicinity at present.

P. H. S. Debaters To Get Mettle Tested

It now depends on the debating teams whether the High School will win a cup this season. That is what the season is all about. The local negative team will journey to Athens, Thursday March 13th, to meet the Cadiz High school affirmative team at the Ohio University. The local affirmative team will go to Marietta, where they will meet their skill with the Cadiz negative team in Marietta College. The winner of both these debates will be given a loving cup by the two colleges.

Cadiz High school is the winner of the debating in the eastern section of the state.

Firm Will Rebuild As Soon as Loss Is Adjusted; Fire Started Near Waste Dryer; 225 Men Out of Work

Damage estimated at \$100,000 was entailed Thursday morning when fire, which was discovered at 6:15, swept through the Peabody Brick Company, near West avenue, New Boston. The loss is covered by 80 percent insurance and the plants will be rebuilt just as soon as the loss is adjusted, members of the firm said, while the fire ruins were still smoldering.

Two hundred and twenty-five men are thrown out of employment as a result of the disastrous fire. Officials of the company stated, this morning that it probably will require 30 days to rebuild the plants.

Will Rebuild

"Just as soon as our loss is adjusted no time will be wasted in having a huge force of men at work replacing the damage," General Superintendent Joseph Peebles said this morning. This statement is in Honolulu, accompanied by Mr. Peebles, head of the company, is in California until late this month when they will be appraised about the fire.

How It Started

According to H. R. Murray, secretary and treasurer of the company, the fire started around the exhaust fan of the waste heat dryer in Plant No. 2 and the flames spread so rapidly that the fire fighting equipment of the plant, which was quickly brought into play, was fruitless. An alarm was sounded by John Smith, Charles Belford, Louis Green and Albert Jacobs, employees of the firm, who discovered the fire and made frantic efforts to contain the flames around the waste dryer. The New Boston and Gallia street companies responded.

Only One Plug

The only water plug near the plant is located at the Peabody Crossing and Rhodes avenue. The New Boston company was started there and the East End company at the mouth of the Peabody tunnel, 1,000 feet from Rhodes avenue. It was necessary to rely the water, and for this reason only one line, with a Stames coupling, could be used. A strong east wind fanned the flames and in comparatively short time only the brick walls remained of Plant No. 2.

Built In 1902

Plant No. 1 of the Peabody Brick Company was built in 1902, and Plant No. 2 was built in 1906. Both had been working 100 per cent and the fire came just when the firm was about to inaugurate the busiest time of the year. The fire hits us hard at this time, but we will build and will make every effort to have all our men back at their posts at the earliest possible time," General Superintendent Joseph Peebles said today.

The personnel of the Peabody Brick Company is: John Peebles, president; H. R. Murray, vice-president; Fred Manning, secretary and treasurer; Fred Manning, general manager; and Joseph Peebles, general superintendent.

Mr. Murray, Mr. Peebles and Mr. Manning were at the plant all day, figuring out the quickest way to start the rebuilding plans.

AFRAID SHE COULD NOT LIVE

Operation Advised, but Lydia E. Pinkham's Vegetable Compound Made It Unnecessary

Glasgow, Kentucky.—"I was run-down, nervous, with no appetite. My side had given me trouble for five or six years. At times it was all I could do to live, and the doctor said I couldn't live but a short time longer without an operation. That was two years ago. My sister-in-law recommended Lydia E. Pinkham's Vegetable Compound. She had never used it herself, but she said one of her neighbors suffered just like I did, and it cured her. After I had taken four bottles the pain left my side. I had a fine appetite to eat anything that was put before me, and I began to do all my work and my washing, something I hadn't done for years. I am a dress-maker, and this last fall I began suffering with my side again, so I began taking the Vegetable Compound again. I am on my fourth bottle, which makes eight in all I have taken. I feel so much better when I take it and everybody tells me I look better. My appetite improves and I feel stronger in every way. I am a very nervous woman and it seems to help my nerves so much."—Mrs. MAGGIE WALLER, Glasgow, Kentucky.

With the Sick

Mrs. Howard Battell of Stony Point, on the Quana Vista, who has been dangerously ill, remains about the same.

James Stout of Sandy Springs, who has been critically ill with pneumonia, is improving.

James Nolder of Quana Vista, recovering from a several weeks' illness.

Mrs. Charles Flinnigan of 411 Front street, who has been ill with throat trouble, is now able to sit up.

Mrs. J. A. Lavinder of 1534 Chillicothe street is suffering with neuralgia of the face.

Cory Eviston of 423 Front street is improving from a several days' illness of bronchitis-pneumonia.

D. C. Roll of 507 1/2 Second street, who has been ill with an attack of rheumatism, remains about the same. Mr. Roll recently returned from Cincinnati, where he spent two weeks in a hospital there.

Rev. Horst Is Speaker

The honor of being the noon-day speaker during Holy Week at the Garrick Theatre in Milwaukee, Wisconsin, has been conferred this year on the Rev. George P. Spent \$16,000 In Campaign To Change National Anthem

NEW YORK, March 6.—(By the A. P.)—Mrs. Augusta E. Stetson, who financed the \$1250,000 River Church of Christ, Scientist, in this city, testified today before Deputy Commissioner of Accounts London she had spent \$16,000 for advertising space in New York newspapers in a campaign to strike out the third stanza from the Star Spangled Banner.

Subpoenaed for the deputy commissioner's investigation of financial sources for an alleged flood of propaganda against the national anthem.

Mrs. Stetson declared her advertising was prompted by a life ambition to foster peace and good will on earth. The third stanza of Francis Scott Key's poem was subversive to both peace and good will, and the music was that of an "old English bar song," she declared.

Deputy Commissioner London said he had learned by a special trip to the archives at Washington, D. C., that the melody of the national anthem was from a popular song of revolutionary days, and that it originated in the hymn "Anacrusis in Heaven."

Maumee River Valley Faces Flood Menace As Great Ice Gorges Form

TOLEDO, March 6.—(By the A. P.)—Possibility of a flood in the Maumee river valley increased today as the ice broke up at Defiance, Napoleon and other points and began moving toward Lake Erie. Hundreds of farms of low land are already under water.

There is an ice gorge fifteen feet high between Maumee and Waterville, and the water is rising rapidly beyond that point. The lowlands along the stream from Maumee to Grand Rapids are inundated and in Grand Rapids fear is expressed some homes may be flooded.

Live stock has been moved to high ground and outbuildings on river bottom farms have been abandoned.

At Defiance a jam has developed and the river was rising there tonight. The river is from five to eight feet above normal already, due to the recent thaw.

The ice at Toledo has moved out of the river from the lower Terminal Bridge to the bay. Little fear of a flood is felt here, however, unless the ice jammed near Maumee suddenly moves out and lets the water come with a rush.

McADOO'S CALIFORNIA OPPONENTS TO ENTER DR. COPELAND IN RACE

BAKERSFIELD, CAL., March 6.—(By the A. P.)—Decision of the anti-McAdoo leaders to place a delegate ticket in the California primaries pledged to Dr. Royal S. Copeland of New York for the presidential nomination was announced today by former Congressman Charles A. Barlow, a member of the state central committee.

This action, he said, would be taken as a protest against the Democratic state committee in endorsing McAdoo.

According to Barlow, Senator Copeland, while not an avowed candidate for the nomination, will sanction the use of his name to concentrate the opposition of California Democrats to McAdoo.

Petitions for candidates to be placed on ballots for the state election in the primary election May 6 will be circulated in a few days, Mr. Barlow said.

COMMITTEE NAMED TO CONSIDER PLAN FOR NEW TAX LAW

COLUMBUS, March 6.—(By the A. P.)—S. E. Fomer, president of the Ohio Tax Association and a member of the state tax commission, today announced the members of a committee appointed by the tax association to study the advisability of a constitutional amendment.

Appointment of the committee was authorized by the Ohio Tax Association at its last conference January 10 and 17, but the names of members were not made public until today.

The members are: Francis W. Treadway, Cleveland; James C. Hunt, Fremont; Dr. Randall L. Condon, Cincinnati; C. A. Myers, Columbus; Allen C. McDonald, Dayton; J. W. Jacoby, Marion; and Charles R. Frederickson, Coshocton.

This committee is authorized by the association to consider proposal for an amendment to the constitution as related to tax questions.

A second committee was named to make a survey and suggest measures for economy in public departments. The findings and suggestions of the public economy committee will be given the association at its next conference which will be held in January.

Members of the public economy committee are: R. E. Miles, Columbus; W. E. Bliss, Columbus; T. L. Carter, Cleveland; William M. Gindler, Columbus; Art Mandel, Dayton; and H. G. McGee, Akron.

NEED A ROOSEVELT AT PRESENT TIME, JOHNSON ASSERTS

MEMPHIS, TENN., March 6.—(By the A. P.)—Senator Hiram W. Johnson, Republican candidate in the Michigan presidential primary, today demanded "immediate action against those involved in the national oil scandal."

"We need a Roosevelt in the administration who will go at this thing in a two-fold manner," he declared.

"It is useless to say that the \$100,000 involved in the oil leases was a loan. When people are making loans they do not stuff the amount of money in greenbacks into a sack, carry it to New York and deliver it to a public official. It is also useless to try and justify the leases. The public officials are not being held for worthless property."

Working out of a practical arrangement to safeguard school children from the hazards of traffic. Activity in support of bringing the Eskimo-Gulf ship canal to Portsmouth from Sandusky, in preference to other, and less practical routes.

Re-location of the market, eliminating its nuisance on the Gallia esplanade.

Establishment of an Exchange club at Jackson.

The Exchange Club had an important program at its "strictly business" session last night. All four of these important projects were up for attention of the organization, and other important matters in conjunction with the club's question, "What Does Portsmouth Need?"

J. Frost Davis is responsible for the plan to safeguard school children passing to and from school. He presented the plan of stationing Boy Scouts at street corners in immediate proximity to the school, during the hours when the children are using the streets.

Scouts would be compensated by a free vacation financed by the Exchange club, at the Scout camp on Little Scioto. Mr. Davis was asked to work out his plan in full detail, and it is expected that it will be accorded the whole-hearted support of the club. Tentative arrangements will be made with the Scout Council and the police department for establishment of the system, and the entire program then placed before the Exchange club for approval.

The canal to Sandusky became a topic for discussion when a letter was read from the Fremont, O. Exchange club asking that a delegate be named to attend a joint meeting of Exchange clubs along the proposed canal route, and from territory it will serve. Place and date of the conference will be announced later. Sending of the delegate was promised, and he will be named as soon as arrangements are made for the joint meeting.

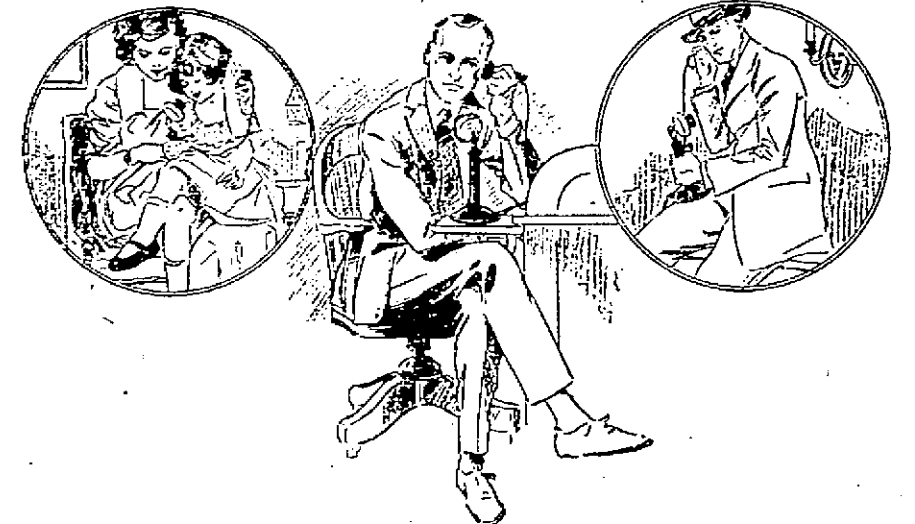

W. H. Henshaw, Russell K. McCurdy, George M. Taylor and D. D. Mitchell were named as a committee to formulate plans for taking the market off Gallia esplanade and re-locating it elsewhere, after extended discussion of this problem.

A report of the extension committee was made, and as a result of their recommendations, it is probable that a delegation will be sent to Jackson to arrange for establishment of an Exchange club in that city.

Russell McCurdy made a report on the Christmas Seal sale, the business which is now practically wound up. He stated that the money can now be turned over to the Bureau of Community Service, and Dr. Harry P. Rapp was appointed as a committee of one to act with the Bureau.

President Graves Williams presided, and kept things lively and running smoothly. Visitors present were Cliff Murfin, of this city, and H. Ware of Chicago.

Adam Frick is billed for a 20-minute talk at next week's meeting, discussing the civic activities of the Chamber of Commerce.

New Liquid Dissolves Teeth Stains

Whitens Dull Yellowish Teeth in 3 Minutes—New Safe Way

Never before has it been so easy to acquire clear flashing white teeth! For scientists have discovered a new harmless treatment which dissolves tooth stains instantly, cleans dull, dingy teeth, and charms new whiteness and gloss.

This new treatment, called Biocoloration, consists of a safe, mild liquid which erodes or loosens the staining substances on the teeth and a new kind of paste which gently removes the softened stains, and if used daily, prevents the formation of new stains. Biocoloration treatment does not affect the enamel as the hard ingredients are especially designed to act only on surface stains, and on enamel itself.

No matter how dark, stained or dingy your teeth may be, you will be astonished at the results brought by the very first application of Biocoloration. Biocoloration and other stains disappear almost instantaneously. If you want sparkling white teeth, try the kind everyone admires. Biocoloration treatment today. Many refunded it, and declared it was a few cents' worth of good dentistry. See Biocoloration at the Drug Store, 111 E. Main, Police and Sheriff's Offices. Advertisement

WILL DEVOTE LIFE TO CLEARING NAME, SAYS MRS. HARRIS

NEW YORK, March 6.—(By the A. P.)—Mrs. Beverly D. Harris today declared the intention of devoting the rest of her life to clearing her name of the verdict returned by a jury yesterday, that she had been the mistress of Eli Taylor, a Memphis gambler.

She was confident that the special term of the supreme court would refuse to grant her husband a judgment of their marriage because of the jury decision yesterday that he had not "exercised reasonable diligence" in investigating her relationship with Taylor. She declared a new trial would be asked on grounds of new evidence not introduced in the last trial.

PILES TREATED WITHOUT SURGERY

My trip to Portsmouth last Monday was so well received and so many took advantage of the free examination, while they did not all decide to take treatment, quite a number did, I have decided to make another trip next Monday.

I know there are a lot of pile sufferers in and near Portsmouth who would be glad to be cured if they had any assurance that it could be successfully done without any hospital or surgery, to those I will say, investigate me and my method. If I were not sure, if I did not know that my treatment is a success, I could not afford to back it up with a positive guarantee. If you have piles you know from the history of thousands of other cases, that you can not expect them to get well from the use of local applications. To the contrary you know that the longer they continue, the worse they become and the more serious the complications.

I will be at the Washington Hotel Monday, March the 10th, from 8 A. M. to 6 P. M., and will be glad to talk over your case with you. Bring your family physician if you wish.

TAX FREE

We pay the Government tax of 6c. Merely hand to your dealer the coupon below with 9c and get a package of **20 Lucky Strike Cigarettes** today and tomorrow only for **9c**

[NOTE: The United States Government, through the Internal Revenue Department, collects 6c on every package of twenty cigarettes as evidenced by the Revenue Stamp]

Why we want Every Man in Portsmouth to try Lucky Strike

To men who have not yet tried Lucky Strike

This is not philanthropy, just business. You are introduced to a cigarette *today* which sooner or later you're bound to try. This merely hastens that happy time. Tear off the coupon *now*.

We have found that 88% of the men who try Lucky Strike immediately adopt them. So to introduce you to Lucky Strike we can well afford to make this special offer of paying the 6c Government tax *today ourselves*.

No words can do justice to the Toasted Process in Lucky Strike. It takes us an extra 45 minutes to toast the flavor in, but it takes you only a moment to try the flavor out—the test of the toasting is the tasting.

Smoke this package *tax free*—you'll get acquainted with a cigarette so balanced in the blend, so mild in the flavor, so smooth in the smoking and so fragrant with the sealed-in-virtues of the toasted process, that you'll change to this brand that never changes—and you'll never change again.

To men who already smoke Lucky Strike

We want you, too, to get this *tax free* package, maybe to pass it on to a friend who doesn't yet know the pleasure you know.

Let him enjoy Lucky Strike as you do. Tell him to try one package and then see if he agrees with you and millions of others that there's no cigarette with such characteristic superiority.

Tell him why *you* prefer Lucky Strike. Tell him that the extra 45 minutes of toasting insures a flavor that never varies. He'll find, as you have, that this is a cigarette which can be continuously enjoyed. The flavor never varies.

Some one introduced you to your first Lucky Strike and you recall it as a lucky discovery. So pass the good word along. Give some friend the same opportunity. Tear out the coupon *now*.

Is Iron Hunger Starving Your Blood

ANY doctor will tell you that if you expect to be strong and well, your blood must have iron just as your stomach must have food or a furnace must have coal. Iron is the food which keeps the blood working for you day and night. Only by satisfying this iron hunger of the pale, thin, watery blood can you build up rich red corpuscles that repair wasted tissue, renew the vigor of your body, and ward off germs of disease. Once you supply this red blood food in the form of organic iron—NUXATED IRON—a most amazing change often quickly takes place.

Keeping You Weak, Nervous, Irritable and Run-down?

WHAT TO DO

Nuxated Iron contains iron like the iron in spinach, but it is absorbed and used by the body much more readily than the iron in spinach. It acts as a powerful stimulant to the nervous system, and it is noteworthy that it has no longer been used since it was first discovered. It is a most powerful and certain. He flung something from him as he went, and there was a faint tinkle of shivering glass. It was the phial that had contained the powerful narcotic which he had added to his guests' wine.

Colonel Holmes, soldier and adventurer, returns to England, his native land, when war with Holland is declared. It is dangerous for Holmes to secure a commission in the English army because the name of Randall Holmes, father of the colonel, appears on the warrant for the execution of the late king. A friend of the colonel, named Tucker, is arrested for plotting against the government. Because Holmes has been seen in Tucker's company a warrant is out for his arrest.

NOW GO ON WITH THE STORY

When he proposed a second plot, they actually grew solemn; and when after that he called for a third, they were almost prepared to treat him with respect.

"They drank noisily. And noisily and repeatedly Jake smoked his lips thereafter, frowning a little as he savored the draught."

"I don't think it's as good as the last," he complained.

The colonel picked up his own

Get at the Real Cause—Take

Dr. Edwards' Olive Tablets

That's what thousands of stomach

sufferers are doing now. Instead of

taking laxatives, or trying to patch up a

poor digestion, they are attacking the

real cause of the ailment—clogged liver

and disordered bowels.

Dr. Edwards' Olive Tablets arouse the

liver in a soothing, healing way. When

the liver and bowels are performing

some woman! Lerrem sleep in peace. Gobble you."

He looked her arm, reeled away a little, swung round, and lurched out of the place and off down the street. Having gone some little way, he halted unsteadily and looked back. He was not observed. Having assured himself of this, he resumed his way, and it is noteworthy that he no longer staggered. His step was now brisk and certain. He flung something from him as he went, and there was a faint tinkle of shivering glass. It was the phial that had contained the powerful narcotic which he had added to his guests' wine.

The hour of seven was striking from St. Clement's Dances as he passed the back door of the playhouse and the intended chair that waited there for Miss Farquharson. Farther down the narrow street a couple of men were lounging who at a little distance might have been mistaken for the very chairmen. Their plain liveries at least were very similar, and they were covered with broad round hats identical with those of Miss Farquharson's chairmen, worn at an angle that left their faces scarcely visible.

Sanctifying casually, Colonel Holmes came up with them. The street thereabouts was practically untenanted.

"Is all well?" he asked them.

They nodded, and lounged along, eventually to lean against the theater wall in the neighborhood of the chair, obviously its bearers.

Holmes took cover in a doorway, whence he could watch the going of action, and there disposed himself to wait.

At last, at a little after half-past eight, when already objects were becoming indistinctly visible at a little distance, the actress made her appearance in the doorway. She came accompanied by Mr. Belterton, and was followed by the theatre doorkeeper. She paused to deliver to the latter certain instructions in the matter of her packages, then Mr. Belterton escorted her gallantly to her chair. The chairmen were already at their places to which they had sprung immediately upon her coming forth. One, standing behind the chair, by raising his linged roof made of this a screen for himself. The other, by the fore-shaft endeavored to find cover beside the body of the chair itself.

Gathering her hooded cloak about her, she stepped into the sedan. Belterton bowed low over her hand in valediction. As he stood back, the chairman in front closed the apron, whilst the one behind lowered the roof. Then, taking their places between the shafts, they raised the chair, and began to move away with it. From within Miss Farquharson waved a delicate hand to Mr. Belterton, who stood bowing, bareheaded.

A MAN EMERGED TO CHECK THEIR PROGRESS.

"Nathaniel," she called shrilly, leaning forward, and vainly seeking to grasp the shoulder of the man just behind her, "Nathaniel!"

Her alarm increased. Was this really Nathaniel or was it someone else? There was something sinisterly purposeful in the stolid manner in which the fellow plodded on unheeding. The tall man ahead who led them, little more than a dark outline now, had slackened his step, so that the chair was rapidly overtaking him.

She attempted to rise, to force up the roof of the chair, to thrust open the apron in front of her. But neither yielded to her exertions. She yielded to terror and her screams for help awoke the silent echoes of the street. The tall man halted, turned, reaped out an oath, and authoritatively commanded the men to set down. But even as he issued the order the flare of a light suddenly made its appearance at the corner of Paul's Chains, and in the ring of yellow light it cast they could discern the black outlines of three or four moving figures.

"On! On!" Holmes bade the chairmen, and himself went forward again, his chair now following with Miss Farquharson steadily, shrieking for help and beating frenziedly upon roof and apron.

She, too, had seen those Heaven-sent rescuers rushing swiftly to meet them. They were a party of three gentlemen lighted by a link-boy, on their homeward way. They were young and adventurous, as it chanced, and very ready to take their blades in defense of a lady in distress.

But it happened that this was a contingency for which Holmes was fully prepared, one, indeed, which he could not have left out of his calculations.

The foremost of these hastening gallants was suddenly upon him, his point at the level of the "Nathaniel's" breast, and bowing dramatically:

"Stand, villain!"

Ditch, instead of turning to the right her bearers kept straight on, following ever in the wake of that tall cloaked man who had offered to conduct them. They were halfway over the bridge before Miss Farquharson became aware of what was happening. When the chair suddenly turned to the left in the direction of Baynards Castle, her bewilderment suddenly redoubled.

Miss Dolly Wise

She is here to answer any and all questions concerning love, matrimony, troubles, woes, etiquette, etc. Inquiries should be addressed to Miss Dolly Wise, care The Daily Times, Portsmouth, Ohio.

Dear Dolly—I am in love with a girl of twenty and she seems to think that I do not think much about her. But I do, Dolly, I don't get to see her very much, and she is sure about it, Dolly, she wrote me that she was going to take a trip, and that she did not want to see me any more, and at the end she said you can suit yourself about answering this letter. Now Dolly, what should I do about it?

LOVE SICK MAN.
I think you should answer the letter the same way you have always done. The girl probably in the blues when she wrote you, or she was getting disgusted with the way you were getting your courtship lag, or become suspicious and she wanted to start something or wake you up. If you like the girl well enough to marry her and there are no obstacles in the way, financial or otherwise, you should pop the question, and maybe that would make her feel better. You could set the wedding date, or rather have her set it for a year hence, or when she is 21. You might also suggest that she postpone her trip until the honeymoon ship was ready to sail.

Dear Dolly—Please give me a recipe for custard pie and cold slaw dressing. HILL TOP READER.
Custard Pie—Heat one quart of good rich milk, or otherwise, take five eggs, four large tablespoons of sugar and a little salt, beat sugar and eggs a little and pour in the milk; flavor to suit taste and have on low heat when put in to bake. Then cook slowly so as not to boil, and that spoils it; test with a knife, when done it will not stick to blade. Without the crust, this makes a delicious baked custard.

Vanceburg Sheriff Busy? Nothin' Else But

VANCEBURG, Ky., March 6.—Sheriff Frank Lykins started in this morning by purchasing a load of hoops from Vandy Stevenson and then, according to a Carter county warrant, on a charge of making moonshine in that county, Stevenson gave bond to that effect and was released. Tom Bertram signed his bond.

After Stevenson had been disposed of the sheriff not being satisfied with his day's work, started on a trip out from the county facing dogs.

When he reached the head of Straight Fork, twelve miles south of Vanceburg, he had killed four dogs and caught fifteen at each. Near the head of Straight Fork he found Ed Stone soldering a hole in a thirty-gallon still. He promptly placed the

BRINGING UP FATHER

Of all the family, father is apt to be the most careless of a cough or cold, and it is the duty of mother or the girls to see that he takes FOLEY'S HONEY AND TAR COMPOUND promptly. It is pleasant and easy to take and quickly relieves cough, colds and hoarseness. No opiates sold everywhere.—Advertisement.

New Treatment for Varicose Veins and Ulcers

Swollen veins are dangerous and often burst. Sufferers are advised to get a two-ounce, original bottle of Emerald Oil (full strength), at East or Streich Pharmacy and start to reduce the veins and bunched at once.

Physicians recommend Emerald Oil; it is used in hospital practice and a small bottle will last a long time, because it is very concentrated and a little goes a long way. Apply night and morning with a soft brush as directed until the swelling is reduced to normal.

So marvelously powerful is Emerald Oil that swollen glands and even goitres disappear when used steadily.—Advertisement.

SOCIETY

A quiet but pretty ceremony uniting in marriage Miss Clara A. Hans, daughter of Mr. and Mrs. Charles Hans, of 2704 Oak street, and Mr. Frank W. Koegele, of 1323 Lincoln street, was solemnized in the First Evangelical church this morning at half after seven o'clock. The impressive ring ceremony was read by Reverend Samuel Lundenmeyer and the attendants were Miss Virginia Life and Mr. Orville McCull.

Mrs. Koegele who is an unusually attractive girl, looked charming in a modish spring suit of blue with corresponding accessories and carried an arm bouquet of bride's roses.

Miss Life was lovely in a handsome gown of black crepe satin, trimmed in cream lace and carried an arm bouquet of pink rosebuds and sweet peas.

Immediately after the ceremony the young couple left for a ten days honeymoon trip through the East and upon their return they will take up their residence for the present with the bride's parents.

Mrs. Koegele presented her maid with a beautiful filigree diamond pin while the groom presented his best man with a silver cigarette case.

Mrs. Koegele has been employed as stenographer in the office of the Selby Shoe Company for the past few years and is very popular with her associates and also with a wide circle of friends.

Mr. Koegele attended the University of Virginia and is a member of the Sigma Chi Fraternity. At present he is a salesman for the Portsmouth Sand and Gravel Co.

Oh See! How The Women Can Bowl!

CLEVELAND, March 6.—With a total of 671 for three games, Mrs. Scott rolled the high feminine score of the season here in the Ladies' Traveling Bowling League last night. Her games were 225, 198 and 248.

The hospitable home of Mrs. Theodore Butler on Grandview avenue was the pleasant meeting place for the members of the Merry Twelve Club last evening when they assembled there for an evening of bridge. After a series of interesting games Mrs. Butler was assisted by Mrs. Ella Reeg in serving a tempting and beautifully appointed salad course to the following members: Mrs. Chas. Brooks, Mrs. Dulas Lemon, Mrs. E. J. Staehler, Mrs. Otis Post, Mrs. Roy Leitchner, Mrs. Ellsworth Damon, Miss Mary Williams, Mrs. G. W. Lerison, Mrs. Walter Hughes were guests for the evening.

The next meeting will be held in two weeks at the home of Mrs. Charles Brooks.

Final arrangements have been made for the card party and dance to be given on Friday afternoon and evening by the members of Grand 2 of the Eastern Stars, and the affair promises to be one of the enjoyable social events of the week. A series of bridge and Five Hundred games will be played in the afternoon and also during the early hours of the evening. Later dancing to good music will be indulged in. The general public is cordially invited to attend.

The committee in charge of arrangements include Mrs. Ely E. Brown, chairman, Mrs. Earl C. Dixon, Mrs. John Hotz, Mrs. Roy Prather, Mrs. James G. Bennett, Mrs. Charles Massa, Mrs. Cornelia Freunhart, Mrs. Charles Mongan, Miss Anna T. Cramer and Miss Alice Matier.

Mr. and Mrs. Fred J. Lang and daughter Grace and Mr. John Kelsa have returned from a brief visit in Columbus.

The Misses Gertrude Lang, Marquette Schroeder and Ruth Kilecayne, Messrs. Earl Reinhardt, Lee Dunworth and Fred Muller have returned from a motor trip to Ashland, Ky., where they visited friends. Enroute home they dined at the Marting Hotel in Ironton.

Mr. and Mrs. Harry Easter of Jefferson street had as guests Tuesday her father, Mr. Loy Hazebaker and Norman Easter of Buena Vista.

How About Building An Arch Of Triumph For Yourself

The arch is incomplete until the keystone has been set in place. The keystone is the most important part of all — for without it the arch will not stand.

And you'll do well to remember this little thing when your hopes and aspirations seem tottering and about to fall.

Probably your business interests need a keystone to hold them in place. They need something like the A-B-C Classified Section to round out and support them.

The classified section is easily able to do that exact thing. Its myriad opportunities are set before you each day, begging you to select the right one for a keystone to the business you are building.

Who you are—or what your business is—does not matter to the classified section. It has opportunities for everybody!
